

WELLS OF HOPE MINISTRIES

CAMP DAVID REPORT AT WELLS OF HOPE JUNIOR SCHOOL

AUGUST 18TH – 22ND 2024

THEME: MISSION POSSIBLE: INTERNATIONAL CHANGE AGENTS

Camp David 2024 took place from 18th to 22nd August at Wells of Hope Junior School, bringing together 105 campers organized into nine teams: Green Team, Lions, Pearls, Jades, Rubies, Emeralds, Diamonds, Tigers, and Panthers. The camp included junior and high school students, a dedicated team of counselors, support staff, and eight international participants from the United States. A key feature was a medical outreach program led by seven professionals who established medical files for ongoing health monitoring.

The camp focused on three main objectives: creating a supportive environment for spiritual growth, providing a joyful experience, and fostering leadership skills. Excitement filled the first day as campers were warmly welcomed and received personalized backpacks. One young camper expressed her joy at receiving her first-ever gift, highlighting the emotional impact of the camp.

Daily routines began with morning devotions for spiritual reflection, followed by rotating classes in games, crafts, Bible lessons, and more. A standout moment was the shaving cream battle on the third day, which united campers and counselors in laughter. The next day featured a birthday celebration for all campers, complete with songs, cake, and a talent show where children showcased their creativity.

The final day was spiritually transformative; campers wrote down personal struggles in the “Leave It Behind” session and symbolically left them at the foot of a cross. Thirty-five campers accepted Jesus as their Savior and were baptized, each moment filled with emotion. The camp concluded with team games and an evening campfire for reflection.

Overall, Camp David 2024 was a transformative experience that fostered faith, confidence, and community. The joy, strength of prayer, and dedication of counselors made the camp a resounding success, leaving a lasting impact on all involved.
