

CAMP DAVID UGANDA REPORT

THEME: “WANTED”

24th – 28th JULY 2022

Camp David Uganda 2022 was not only vibrant but also a week of deep inspiration and spiritual rejuvenation. The camp officially kicked off on Sunday, July 24, and concluded on the evening of Thursday, July 28. The theme for 2022, “Wanted by God,” aimed to remind participants of God’s unconditional love. It emphasized that everyone, regardless of their past experiences or mistakes, is loved and wanted by God, wanted for a purpose and to serve.

Throughout the four days, campers participated in various classes, including Health, What About It, Creation, Leave it Behind, Craft, Dance, Team Building, and Games. Additionally, children’s birthdays were celebrated, some campers were baptized, and a talent show was held, allowing children to showcase their gifts in music, dance, and drama. It was a joy for all participants, both staff and students, to join in activities like the shaving cream battle and campfire. HIV/AIDS sensitization training was also conducted, and several attendees were tested.

Campers were divided into eight groups: Pearls, Crystals, Rubies, Jades, Diamonds, Lions, Tigers, and Panthers. Throughout the camp, these groups competed and earned points based on their behavior in and out of classes, creativity, vigilance, participation in sessions, and performance in the talent show, among other factors. The winners were announced at the end of the camp.

Overall, both children and adults had a fantastic time, acquired new skills, increased their knowledge, and enjoyed a refreshing experience in worship and the Word, particularly during the chapel services, which enriched each individual’s relationship with God. Chapel time was made even more lively by an engaging puppet show.
